

SHURJOINT PIPING PRODUCTS

A Shurjoint Group Company

Press Release (January 10, 2006)

Shurjoint Wrought Long Radius Elbows – 3D, 5D & 6D

Dear Shurjoint customers;

We are pleased to announce that we have added a complete range of wrought long radius elbows to our flow control offering. The Shurjoint long radius elbows feature integral tangents and a standard cut-groove end preparation. Applications include mining, water treatment, hydroelectric, chill water and many others.

Available radius range: 3D, 5D & 6D

Available elbow configuration: 90°, 60°, 45°, 30°, 22.5°, & 11.25°

End preparation: Grooved-end (plain-end also available upon request)

Materials: Standard wall carbon steel pipe to ASTM A53 Gr. B

(Other materials and or wall schedules available upon special request)
