Mr. Daniel Oh
President

Mr. Bruce Park
Director, Marketing

Mr. Daniel Oh, President and *Mr. Bruce Park*, Marketing Director will head up their Shurjoint sales team to serve the Korean market. *Shurjoint* is recognized as a world leader in the design and manufacture of grooved, threaded, plain-end, hole-cut, ring joint and flow control piping components. The company's products are used worldwide in a variety of industries for connecting numerous piping materials including carbon steel, copper, stainless steel, aluminum, PVC, HDPE and ductile iron. Grooved piping systems are the fastest growing and one of most versatile, economical and reliable piping systems available today. Grooved systems are continually taking the place of traditional piping methods such as those in flanged, threaded and welded systems.

Please join me in celebrating the grand opening of *Shurjoint Korea* and welcoming the newest members to the global Shurjoint team.
